

My Trip to the Country Music Hall of Fame and Museum

SOCIAL STORY

I am going to the Country Music Hall of Fame and Museum. I will learn about music and see many instruments.

In the museum...

I will:

I will not:

**Keep my hands
to myself**

Touch the glass

Walk

Run

**Keep an
inside voice**

Yell

There are restrooms, water fountains, and water bottle fillers at the Museum. I can ask my parent/guardian/chaperone if I am thirsty or need to use the restroom.

When I get there, I will walk through the lobby to get my ticket. The lobby may be crowded. I will explore the museum with my family or my class. There is a map for my visit at the end of this story.

**I may use the elevator, big staircase,
or spiral staircase to move through the galleries.
The museum has many visitors.**

**There are many videos with sound.
Sometimes it gets very loud in the museum.**

There might be a lot of people in front of a case. I can wait until others are done looking to go up to the glass.

I might see people wearing name tags or clothes with the museum logo on it. I can ask them questions I have about the museum.

**There might be a specific object I want to see.
It might not be on view when I visit.**

**I might explore the museum with a scavenger hunt.
I can find scavenger hunts and fun activities in the
Taylor Swift Education Center on the 3RD floor.**

I might visit the Dinah and Fred Gretsch Family Gallery on the 2ND floor. I might want to record a song or explore interactive stations there.

I might attend a program where I can play. I might learn to play an instrument or make a craft. There will be other people there and it may be loud.

**If it gets too loud, I can go to a quiet space to relax.
I can find quiet spaces on the sensory map.
Quiet spaces are marked as blue on the map.**

**I might eat lunch or a snack at a Museum restaurant.
I will not eat food in the galleries.**

**When I am finished touring the museum,
I might go back home or back to school.**
