

## **Who We Are**

By Hunters Lane High School Students

Written with Kyshona

We're fighting who we are  
Healing these battle scars  
Reaching for the stars Cause we know who we are

No stones are in my way  
No, I am not afraid  
I know I'm here to stay  
My heart won't cause my strain

### **Pre-Chorus**

They said: Say my future's set in stone  
Are my dreams dead and gone?

### **Chorus**

Who we are, who we are, we are vibrant and unique  
Who we are, who we are, our powers you can't see  
Who we are, who we are, struggles set us free  
Who we are, who we are, we are floating with the breeze

### **Verse**

We rise up to the top  
No, we will never stop  
Our light will guide the way  
Our place is here to stay

Can't change how I feel  
We know that this is real  
Success is all I am  
To show you that I can

### **Pre-Chorus**

They said: Say my future's set in stone

Are my dreams dead and gone?

**Chorus**

Who we are, who we are, we are vibrant and unique  
Who we are, who we are, our powers you can't see  
Who we are, who we are, struggles set us free  
Who we are, who we are, we are floating with the breeze
