“Put Me in Your Fish Tank”

By Adam Ollendorff and Participants in Songwriting 101

I'm no catfish
I'm the real deal
But you gotta to reel me in
If you wanna know how I feel

You can always release me
There's lots of fish in the sea
So go ahead and throw me back
if you don't like what you see

Or put me in your fish tank
and batten down the hatch
you can put me in your fish tank
if you think that I'm the perfect catch
you can put me in your fish tank
im not your average snook
if you want me you can have me
but you're gonna have to set that hook

if the water feels fine
no need to play it cool
you can be mine
if you **just** swim in my school

put me in your fish tank
and batten down the hatch
you can put me in your fish tank
if you think that I'm the perfect catch

you can put me in your fish tank
I'm not your average snook
if you want me you can have me but
you're gonna have to set that hook
