For a half century, the Country Music Hall of Fame and Museum has been home to a growing collection, including one-of-a-kind recordings, films, instruments, and more. Visitors of all ages will discover the connections between country music's past and artists of today in the interactive gallery spaces. Witness everything from Hank Williams's cherished Martin guitar to Elvis Presley's custom Cadillac, to outfits and instruments from the likes of Alison Krauss and Carrie Underwood.

Established in 1879, Hatch Show Print is one of America's oldest working letterpress print shops. With its extensive collection of carved blocks, Hatch Show Print designs and prints 500-600 different posters each year for the likes of the Black Keys, Willie Nelson, Miranda Lambert, the Rolling Stones, and others. Today's posters are printed using the wood and metal type used to print posters for members of the Grand Ole Opry such as Bill Monroe and Ernest Tubbs and for rock & roll figures such as Elvis Presley and Chuck Berry.

Another historic property of the Country Music Hall of Fame and Museum.

Located on Nashville's famed Music Row, Historic RCA Studio B is the oldest surviving recording studio in the city and one of the most celebrated studios in the world. The fabled studio produced such classics as Elvis Presley's "Are You Lonesome Tonight?," Dolly Parton's "I Will Always Love You," Roy Orbison's "Crying," and many others.

Preservation of Historic RCA Studio B is made possible through a partnership between the Mike Curb Family Foundation and the Country Music Hall of Fame and Museum.

One-of-a-Kind Experiences

Inside Tracks™

A true day in the life of a musician—from songwriting and performing to professionalism in the music industry—this program covers it all. Co-write and produce a song from scratch with Nashville recording artist Meghan Linsey and record producer Tyler Cain, who will help your group compose a beat and write accompanying parts to your original track.

Sharing the Art of Songwriting™

Experience what makes songwriting in Nashville so unique with this interactive co-writing program. For one hour, this group will work closely with an accomplished Nashville songwriter as they guide guests in composing original lyrics of their own. The session concludes with a group recording of the new tune.

Ramblin': Stories and Songs from the Road with Carter and Barny Robertson™

Take a backstage look with stories and songs from Carter and Barny Robertson, who played and sang alongside Waylon Jennings. From the tour bus to the studio and stage, this program transports audiences to the 1970s music scenes of Tennessee, Texas, California, and everywhere in between.

Stories Behind the Songs™

Discover the stories behind the music you love in a private session with one of Nashville's hit-making songwriters. This intimate session allows the rare opportunity to hear hits as they were originally written. The writer demonstrates to the group how a song is created from concept to the top of the charts. After the session, join the writer for a meet and greet.
